KATKO CAMPAIGN HIGHLIGHTS BIPARTISAN RECORD, RESULTS IN FIRST TELEVISION AD

Syracuse, New York – Congressman John Katko (NY-24), the endorsed Republican, Conservative, and Independence candidate for U.S. Congress today launched his campaign’s first television ad. The thirty-second spot, entitled “Miles”, highlights Congressman Katko’s background as a federal prosecutor as well as his commitment to working across the aisle and producing results for Central New York in Congress.

The commercial is narrated by Congressman John Katko. It reads:

Some say it’s the miles that make the man.

The experiences we have...the people we encounter.

I spent two decades as a federal prosecutor...and the last two years as Central New York’s representative in Congress.

We’ve had great success...passing more bills than any first term member from either party. Working across the aisle to get things done right.

Because the best solutions to our problems come from right here...no matter how many back road trips it takes to find them.

The television commercial begins airing immediately on area broadcast and cable television. It can be accessed [here](#).

Congressman John Katko was elected in November 2014 to represent 24th Congressional District of New York, which includes Onondaga, Cayuga, and Wayne Counties and the western portion of Oswego County.
