CONGRESSMAN KATKO HIGHLIGHTS CENTRAL NEW YORK VALUES, RESULTS IN FINAL CAMPAIGN AD

Syracuse, New York – The **Katko for Congress campaign** today released its final television advertisement, entitled “Worked,” in which Congressman John Katko outlines his bipartisan successes over the past two years as Central New York’s Representative in Congress.

The ad, [available here](#), begins airing on area broadcast and cable today. The transcript of the thirty-second spot can be found below:

Hi, I’m John Katko.

After twenty years as a federal prosecutor, you sent me to Congress to fight for you.

I put Central New York families first. Working to grow our economy, and fighting to keep our families safe – like I’ve done for more than two decades.

I brought our Upstate values to Washington – and it worked.

By being independent, I became the most productive first-term legislator in 27 years.

Together, there’s even more to accomplish.

I’m John Katko. I approve this message and I hope you’ll stand with me to continue this fight.

Congressman John Katko was elected in November 2014 to represent the 24th Congressional District of New York, which includes Onondaga, Cayuga, and Wayne Counties and the western portion of Oswego County.
